PROUDLY INTRODUCES

NORTHERN PRIDE LODGE AND CAMPGROUND

ON FIRST ROACH POND

KOKADJO, MAINE

OFFERED AT \$1,100,000

Here's a chance to own your dreams!

Northern Pride Lodge (NPL) presents a unique opportunity for you to own a well-established, turn-key waterfront genuine Maine North Woods sporting camp or your own personal lakefront getaway in God's Country. You may choose to host paying guests for dining, camping and world-class outdoor adventures beginning just outside your front door or entertain family and friends at the gateway to the Great North Maine Wilderness. Maybe both!

Just south 18 miles will bring you to the vibrant town of Greenville at the head of the fabulous Moosehead Lake. Here you'll find the convenience of shops, social events/opportunities, restaurants, festivals and entertainment. North of the lodge, the pavement ends and traditional Maine adventures begin! Hundreds of miles of unpaved and logging roads will draw you to stunning vistas, native brook trout streams, lakes known for hefty lake trout, outsized brook trout and small mouth bass as well as limitless wilderness hiking, biking, kayaking and camping spots. Embrace the unlimited opportunities to find your peace amongst the abundant wildlife and wild lands. You'll rub elbows with the most wonderful people on earth and share time with moose, deer, bears, lynx, partridge and a whole cast of creatures that will keep you entertained and amazed.

And NPL's season doesn't end in the Fall. Some would say it's just beginning! Snow season is GO Season! One of the finest snowmobile trails in Maine, ITS 85/86 runs right across the driveway. Snowshoe or cross-country ski through miles of untracked powdery backcountry. You can find the party or find solitude depending on your mood. Just find your way to Northern Pride Lodge in Kokadjo Maine for a true Maine experience and wonderful lifestyle.

In addition to tenters, NPL welcomes camper trailers and motorhomes, offering electric hook-up for the campers. Drinking water is available, as are hot (!) showers and pit toilets. Tenters enjoy soft grassy waterfront sites and they have several sites able to accommodate large trailers or motorhomes. An easily accessible boat launch adjoins the campground, making launching and loading your boat a snap.

Currently operated as hunting, fishing, recreational

lodge, depending on the season - new owners could continue the guiding/hunting service or contract it out, either way, it offers a strong revenue stream.

Current owners are willing to convey their various (40+) bait sites secured to continue with the guiding/hunting services. Bait sites are not readily available and very difficult to obtain and most are within a 20 mile radius of the lodge! Current owners will provide new owners with all the insight needed for bear hunting and show them the ropes from start to finish. Alternatively, new owners could contract out the guide services but maintain the sought after bait sites. This part of the business is very busy!

Potential for New Owners:

- Provide Airstream or RV rentals for the experiential lodging instead of renting out the RV site for a much smaller fee – RV rentals could bring in hundreds nightly
- provide tiny homes/cottages on wheels (at the RV sites), also in demand and each could bring in hundreds nightly
- Add glamping tents
- Add private bath pods
- New owners could increase RV site rental rates (current rates leave a lot of room)
- Offer breakfast baskets delivered to each site; picnic lunches to take on a boat ride or on a guided moose safari; offer dinner to guests or the public on a regular basis (they do currently have a liquor license)
- Host lakefront weddings
- Whole house weekly rentals
- Offer winter packages for snowmobiling, snowshoeing or ice fishing

The owner's house is attached (but completely private) and offers a large kitchen with wood stove, commercial range, living room, TV room, master bedroom with ensuite bath and guest bedroom with hall bath/laundry. There's also a two car garage.
